17th April 2020

Dear Colleagues

As we are all aware racing has been suspended until further notice on all UK Racecourses.

This has put financial pressure on all of us as well as the purchasers of our Data. We are working collaboratively with our important business partners to support them at this time.

Whilst we are in negotiations with TRP regarding payments going forward, we are pleased to confirm that once attendance Data has been collated, we will be making payment in full to all F.R.B. registered Bookmakers for Q1.

We are awaiting payment from RMG for Q1 which upon receipt will be distributed in the usual Format.

Although none of us will be recording Racecourse Attendances for Q2 we are hopeful to be in a position where some form of ex-gratia payments can be considered for this period.

Please continue to monitor our web-site for updates.

Keep safe and well.

Kind Regards,

The Directors
FRB
